Subject: Opposition to Bill 69

Aloha City Council Members:

Please vote AGAINST BILL 69

Billboards are environmental and esthetically ugly in any form, rolling (buses, etc.) or fixed. They are "visual litter" inconsistent with the "beautiful Hawaii" image we are so desperately attempting to preserve and market to visitors, and the world. Opening the door to ANY bus ads will surely bring in the commission-hungry revenue vultures for rolling billboards on rail cars and school buses.

Thank you, and please reject the BUS BILLBOARD bill 69

Respectfully,
